SEASON
1939

A. J. ANDERSON
WHITE BEAR LAKE - MINNESOTA

GREETINGS

Another year has passed since we had the privilege of sending you our annual catalogue. Our first and foremost thought is to take advantage of this opportunity to thank you all for the liberal support you have given us in the past, for which we are sincerely grateful. Our one regret is that we have been unable to get time to acknowledge the hundreds of letters we have received expressing delight and satisfaction with our way of filling orders. The satisfaction so expressed adds so much to our own happiness. Again we thank you.

NEW VARIETIES

This season we have the pleasure of offering many new and near new varieties of outstanding quality and beauty, in fact, many of the most meritorious introductions up to date.

OPTIONAL: Customers who prefer EXTRA BULBS in place of cash discount will be treated most liberal.

TERMS

CASH with order to get the benefit of discounts. If not convenient to send full amount on orders over \$5.00, a deposit of 25% will hold early orders till shipping time, balance to be remitted before shipping or sent C. O. D. A little money can be saved by remitting the balance by saving the C. O. D. fees. While not entitled to the Cash Discount on these orders, we will be liberal in overcount or extras in proportion to size of order.

REMITTANCE

Remittance in the form of Postal or Express Money Orders preferred, especially in amounts of less than \$5.00, for larger amounts good personal checks will be acceptable. Postage stamps not accepted. **MINIMUM ORDER \$2.00.**

ORDERS with a deposit can be held until April 1st or later if necessary. Our shipping season generally ends May 1st.

EARLY ORDERS

There are many advantages in ordering early, as our stock is then complete and you can get just what you want. Some scarce varieties may be soon sold out, later on it is well to name a second choice, as we never substitute varieties without being instructed to do so. Most of our customers are agreeable to substitute sizes in same varieties of equal value. If unable to fill an order complete we make refund promptly.

ALL STOCK OFFERED SUBJECT TO PRIOR SALE.

SIZE OF BULBS

In common with most leading growers we offer the bulbs in three sizes: LARGE BULBS, designated in this list with Capital **L**, means bulbs $1\frac{1}{4}$ inches in diameter and larger, which is generally termed as large blooming size. (Some varieties will run greatly oversize or Jumbo bulbs.)

MEDIUM BULBS, designated by **M**, means bulbs $\frac{3}{4}$ to $1\frac{1}{4}$ inches in diameter, which are also blooming size but come into bloom later than the large bulbs.

SMALL BULBS, designated by **S**, means bulbs from $\frac{1}{4}$ to $\frac{3}{4}$ inch in diameter and are intended mainly for growing on. However, if planted early, some of these small bulbs will bloom and make good blooming size for next season's planting.

For best immediate results we recommend the large size.

SECOND CHOICE, PLEASE

Sooner or later, some kinds and sizes of glad bulbs will be sold out. It will save a lot of time and correspondence if you will kindly name a few varieties that we may send in case we are out of any on your order, or say we may send you some other size, or if you wish, permit us to send you something good of our own selection. In appreciation of your help, we will slip in a few extra bulbs in your order as our thanks.

BULBLETS

The results with bulblets are more or less uncertain. Some varieties are easy to germinate and grow nearly 100%. Others again, are more difficult to get to grow, and still others seem to be very difficult to start at all, and 10% germination of some varieties is a good percentage. Much depends on weather and moisture conditions. Bulblets need lots of moisture to get well started. We offer bulblets in small quantities in this list, all **selected** for size and soundness to give best results. But we cannot guarantee that they will all grow.

PLEASE NOTE

Bulblets offered in small quantities are all hand selected, but in larger lots they are mixed sizes.

PLEASE NOTICE

In making up an order, kindly mark the size of bulbs plainly with the letters **L** for large, **M** for medium, and **S** for small. It is a great help to us in writing up the order and prevents making of mistakes.

Five bulbs or bulblets may be had at the 10 rate, 25 bulbs or bulblets at the 100 rate. But no single item less than 10c, and no order for less than \$2.00.

EXTRA BULBS WITH YOUR ORDER

When you send us your bulb order, try to think of some friend or neighbor that you think would like to get our catalogue, some one who is interested in growing fine Glads that might become a good customer. Send their names and addresses along with your order. Your co-operation will be appreciated and well rewarded.

TRANSPORTATION

We prepay all shipping charges on all orders from this catalogue for over \$2.00 that are fully paid for. Our choice of Express or Parcel Post as we deem safest. However, state your preference.

GROWERS: ATTENTION

Those of you interested in larger quantities please ask for our F.O.B. List. When customers pay the transportation charges, the prices are naturally much less, and the customer is entitled to what saving there might be.

While we cut down our planting of over one hundred varieties last year, we still have to reduce more drastically as labor conditions in our line are getting more difficult from year to year in this locality. Therefore, more small lots of finer varieties will go into the UNLABELED COLLECTIONS than ever before, which will greatly add to the value, without adding to the price.

Price alone does not indicate best value for the money; quality, we believe, is most important but don't show up in the catalogue. It is our ambition to furnish our customers with the most satisfactory stock obtainable. The thousands of glad fanciers and growers whom we have served in the last twenty years assures us that our efforts have not been in vain. Look around among your friends and neighbors, maybe you will locate one of our customers who will gladly tell you of his experience in dealing with us. We will appreciate your orders, whether large or small, and will be glad to hear what success you may have with our bulbs.

May we have the pleasure of serving you again this season to our mutual interest and satisfaction?

Sincerely yours,

A. J. ANDERSON.

SPECIAL COLLECTIONS

For the many "Home Gardeners" that want a lot of nice flowers and don't care particularly about the name of each variety, we will make up well-balanced collections of all named varieties to include all the principal colors and shades of such kinds as we would want to grow ourselves for our own enjoyment. BUT THEY ARE NOT LABELED as to varieties, which enables us to make a substantial saving in labor and materials. This saving we pass on to our customers. The phenomenal increase in our sales from year to year of these UNLABELED COLLECTIONS proves our customers' appreciation of super-values. For a longer blooming season, we would recommend the planting of both large and medium bulbs.
